

Project Progress and Impact Report Questionnaire

General Information

* 1. Name of Project Leader

Name:

Institution:

Email Address:

Phone Number:

* 2. Project Title

* 3. Project Number

Project Update

* 4. Identify any significant progress or milestones achieved by the project during the reporting period (November 2012 to December 31, 2013). Please check all that apply:

- Recruited a post-doctoral fellow
- Recruited a graduate student
- Recruited an undergraduate student
- Hired a technician/other staff
- Purchased equipment/software/supplies
- Had time at a research facility to conduct an experiment/collect data related to the project
- Traveled to meet with co-investigators and partners
- Traveled to a conference related to the Project
- Discussed work related to the project in a public outreach event

Other (please specify)

Project Progress and Impact Report Questionnaire

***5. Please describe the progress and milestones you have identified.**

Partnerships

***6. Have any new partnerships or collaborations developed as a result of this project since the original proposal was submitted?**

- Yes
- No

Partnerships

7. If you have had new partners or collaborators join the project, please identify:

- Partner/collaborator at your home institution
- Partner/collaborator in Saskatchewan
- Partner/collaborator elsewhere in Canada
- Partner/collaborator outside Canada

8. Please describe the new partnership(s) or collaboration(s), including name of collaborator or partner (or contact person), institution, location:

Project Progress and Impact Report Questionnaire

9. Please indicate the total number of partners or collaborators on the project who are from:

(Note: Collaborators include co-applicants and co-investigators)

| | |
|--|----------------------|
| Your home institution | <input type="text"/> |
| Industry in Saskatchewan | <input type="text"/> |
| Public sector in Saskatchewan | <input type="text"/> |
| Academic or research institution elsewhere in Canada | <input type="text"/> |
| Industry elsewhere in Canada | <input type="text"/> |
| Public sector elsewhere in Canada | <input type="text"/> |
| Academic or research institution outside of Canada | <input type="text"/> |
| Industry outside of Canada | <input type="text"/> |
| Public sector outside of Canada | <input type="text"/> |

10. What contributions have the partners delivered to the project during the reporting period (November 2012 to December 2013)? Please check all that apply:

- Financial contribution
- Access to partner's research facilities/equipment
- Access to other resources (i.e. data sets)
- Personnel time (in-kind contribution)

Other (please specify)

11. Please describe the contributions identified in the above question. If the project has more than one partner, please briefly describe the contribution of each.

Project Progress and Impact Report Questionnaire

12. Please identify contributions that collaborators have made to the project during the reporting period (check all that apply);

- Input concerning experiment or study design
- Input concerning equipment design
- Data collection
- Data interpretation/analysis
- Student supervision

Other (please specify)

13. Please describe the roles and responsibilities undertaken by the collaborator(s) identified in the above question. If the project has more than one collaborator, please briefly describe the contribution of each.

Partnerships

***14. Testimonials and success stories about the collaborations among the members of a project team are important to the Fedoruk Centre and the Government of Saskatchewan. Do you have a partnership success story you could share?**

- Yes
- No

Project Progress and Impact Report Questionnaire

15. Please briefly describe the success story:

(For example: Work on the project has inspired a student to pursue further training or a career in the nuclear domain; The project is building on a previous body of work or addressing a long-standing question in the nuclear industry; Results from the project are now being used by a collaborator at her institution as part of a wider trial to improve patient outcomes).

Leveraging Additional Funding

***16. Has this project funding leveraged additional funding over and above the support identified in the project proposal?**

- Yes
- No

Leveraging Additional Funding

17. If you have been able to leverage additional funding, please identify the amount of new funding received during the reporting period (November 2012 to December 31, 2013):

NOTE: If funding will be disbursed over several years include ONLY the portion received during the reporting period. The total amount of funding can be included in the second last question under 'Closing Remarks.'

| | |
|--|----------------------|
| CFI | <input type="text"/> |
| Federal granting council (NSERC, CIHR, SSHRC) | <input type="text"/> |
| Other Federal department or agency | <input type="text"/> |
| Provincial government or funding agency | <input type="text"/> |
| Other governmental source | <input type="text"/> |
| Industry | <input type="text"/> |
| Non-profit (charity, foundation, trust) | <input type="text"/> |

Project Progress and Impact Report Questionnaire

18. What was the impact of the Fedoruk Centre funding on your ability to leverage additional funding?

| | No Impact | Minor Impact | Major Impact |
|---|-----------------------|-----------------------|-----------------------|
| CFI | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Federal granting council (NSERC, CIHR, SSHRC) | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Other Federal department or agency | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Provincial government or funding agency | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Other governmental source | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Industry | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Non-profit (charity, foundation, trust) | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

Outcomes: Training

*19. Please indicate the number of highly qualified personnel engaged in training or employed as part of the project:

| | |
|------------------------|----------------------|
| Undergraduate students | <input type="text"/> |
| Masters students | <input type="text"/> |
| Ph.D. students | <input type="text"/> |
| Postdoctoral Fellows | <input type="text"/> |
| Technicians | <input type="text"/> |
| Other HQP | <input type="text"/> |

20. Of the HQP identified above, have any completed their training or employment related to the project?

- Yes
- No

Outcomes: Training

Project Progress and Impact Report Questionnaire

21. If yes, please indicate the number of HQP who have graduated or completed their employment:

| | |
|------------------------|----------------------|
| Undergraduate students | <input type="text"/> |
| Masters students | <input type="text"/> |
| Ph.D. students | <input type="text"/> |
| Postdoctoral Fellows | <input type="text"/> |
| Technicians | <input type="text"/> |
| Other HQP | <input type="text"/> |

22. Of the HQP who have graduated or completed their employment related to the project, how many have remained in Saskatchewan to:

| | |
|-------------------------------|----------------------|
| Pursue further training | <input type="text"/> |
| Work in academia | <input type="text"/> |
| Work in industry | <input type="text"/> |
| Work in the public sector | <input type="text"/> |
| Work in the non-profit sector | <input type="text"/> |

23. Of the HQP who have graduated or completed their employment related to the project, how many have relocated elsewhere in Canada to:

| | |
|-------------------------------|----------------------|
| Pursue further training | <input type="text"/> |
| Work in academia | <input type="text"/> |
| Work in industry | <input type="text"/> |
| Work in the public sector | <input type="text"/> |
| Work in the non-profit sector | <input type="text"/> |

24. Of the HQP who have graduated or completed their employment related to the project, how many have relocated outside of Canada to:

| | |
|-------------------------------|----------------------|
| Pursue further training | <input type="text"/> |
| Work in academia | <input type="text"/> |
| Work in industry | <input type="text"/> |
| Work in the public sector | <input type="text"/> |
| Work in the non-profit sector | <input type="text"/> |

Outcomes: Knowledge Dissemination and Transfer

Project Progress and Impact Report Questionnaire

25. Have there been any publications or other dissemination of information related to the project during the reporting period (including articles accepted for publication on or before December 31, 2013)? Please indicate:

| | |
|--------------------------------|----------------------|
| Peer-reviewed publications | <input type="text"/> |
| Books or chapters | <input type="text"/> |
| Theses or dissertations | <input type="text"/> |
| Abstracts | <input type="text"/> |
| Presentations at conferences | <input type="text"/> |
| Non-peer-reviewed publications | <input type="text"/> |
| Public outreach presentations | <input type="text"/> |
| News stories | <input type="text"/> |

26. Please provide a reference citation, including Digital Object Identifier or URL for any publications or presentations you identified (dates and location of conferences, public presentations; date and outlet of news story).

***27. Have any research findings or expertise related to the project been disseminated to decision makers? (check all that apply)**

- No
- Yes, to government/public sector decision makers in Saskatchewan
- Yes, to government/public sector decision makers outside of Saskatchewan
- Yes, to decision makers in industry/private sector in Saskatchewan
- Yes, to decision makers in industry/private sector outside Saskatchewan
- Yes, to decision makers in the not-for-profit sector in Saskatchewan
- Yes, to decision makers in the not-for-profit sector outside Saskatchewan

28. Please specify (who, location, topic, date)

Impacts: Intellectual Property

Project Progress and Impact Report Questionnaire

***29. In the past year, has any intellectual property generated by the project been disclosed?**

- Yes
- No

30. If any intellectual property has been disclosed, please identify number of:

| | |
|-----------------------|----------------------|
| Invention disclosures | <input type="text"/> |
| Patents filed | <input type="text"/> |
| Patents granted | <input type="text"/> |
| Licensing agreements | <input type="text"/> |
| Trademark/copyrights | <input type="text"/> |
| Other IP | <input type="text"/> |

31. Please provide some specifics related to the intellectual property that has been generated and disclosed. For example, what was developed (in general terms).

Impacts: Social and Economic Benefits

Project Progress and Impact Report Questionnaire

32. Please identify any social and economic benefits that have arisen from research related to the project over the reporting period (check all that apply).

- New or improved public policy, program or practice
- New or improved medical treatment, technology, procedure or protocol
- New, improved or value-added product, process or service
- New fundamental knowledge in nuclear medicine, nuclear energy systems, materials through the use of nuclear techniques, or related to the environment
- Improved safety or security of a nuclear energy system
- New environmental standards or practice
- Enhanced public understanding of nuclear research and development
- Improved information made available to decision makers and public
- Cost savings to society
- Other social benefits
- Spin-off company created
- Jobs created in the public, academic or non-profit sector in Saskatchewan
- Jobs created in the public, academic or non-profit sector outside Saskatchewan
- Jobs created in the private sector in Saskatchewan
- Jobs created in the private sector outside Saskatchewan

Other (please specify)

33. Please provide some examples of the benefits identified above.

Closing Remarks

Project Progress and Impact Report Questionnaire

34. Through this project funding, how has support from the Fedoruk Centre enabled you and your collaborators to increase capacity in research, training and innovation in the nuclear domain?

35. Please provide any other comments here.
